Best Sushi

- **Akiko's Restaurant & Sushi Bar**

Definitely want to get the Omakase. The Chefs prepare many dishes that are not on the menu, which make it really special

- **Pabu**

The sushi is amazing, but don't be afraid to order the other dishes as there are many of classic Izakaya dishes being served.

- **Zushi Puzzle**

Tiny hidden gem that is a must! Just be prepared to wait — Chong and his wife are the only ones preparing food for the entire restaurant.
